Team name: Gigglers

Sprint completion date:10/10/2018

Revision number: 1

Revision date: 10/11/18

Goal:

Our goal for this sprint is to create a beta web interface and backend for which we can begin to add the core functionality of our website.

Story 1:

As an owner, I want a good foundation so that the core features can be implemented.

Tasks:

1. Homepage (2 hours)
 - a. Login/ Register and open gigs page
 - b. About Gigs, login link, link to open gigs
2. Gigs post page (1 hour)
3. Login page (1 hours)
 - a. design
 - b. Email and password
4. Registration (2 hours)
 - a. Register tab on login page.
 - b. Name, email, password, confirm password
 - c. Email confirmation
 - d. Link back to login after registration finished.

Total for User Story 1: 8 hours.

Story 2:

As a user, I want to be able to make a profile so that I have my own account with all my information.

Tasks:

1. User database(3 hours)
 - a. Backend database to hold user information.
2. Profile page Front(4 hours)
 - a. Modifiable by user
 - b. Picture, basic info, skills, description.
3. Public profile page (1 hours)
 - a. For other users, contact info hidden.

Total for User Story 2: 10 hours.

Team roles: (developer, testers, designers...)

Chris Griffis: Developer, Scrum Master

Tangni Wang: Developer, designer

Tung Hoi Man: Developer, testers, designer

Chris Young: Developer, testers

Tom Bowen: Developer, testers

Initial task assignment:

Chris Griffis: User story 2: Login page

Tangni Wang: User story 1: User database

Tung Hoi Man: User story 1: Registration

Chris Young: User story: homepage

Tom Bowen: User story 2: profile page

Initial burnup chart: (Reference: Scrum_planning_execution_review.pdf - slide.25)

A graph giving the initial burnup chart for this sprint and is labeled as such with sprint number and project name and is located in the lab.

Initial scrum board: (Trello: <https://trello.com/b/eOqrNRWq/gigs-sprint-1>)

The screenshot shows a Trello Scrum board titled "Gigs Sprint 1". The board is organized into four columns: "User Story", "Tasks Not Started", "Tasks In Progress", and "Tasks Completed".

- User Story:** Contains two story cards. Story 1: "As a user, I want a website so that I can use this service." Story 2: "As a user, I want to be able to make an account so that my information is stored." There is a "+ Add another card" button at the bottom.
- Tasks Not Started:** Contains three task cards. Task 1: "User database(3 hours) Backend database to hold user information." Task 2: "Profile page (4 hours) Modifiable by user, Picture, basic info, skills, description." Task 3: "Gigs post page (1 hour)" Task 4: "Public profile page (3 hours) For other users, contact info hidden." There is a "+ Add another card" button at the bottom.
- Tasks In Progress:** Contains two task cards. Task 1: "Homepage (Login/ Register and open gigs page) (2 hours) About Gigs, login link, link to open gigs" Task 2: "Login and sign up" There is a "+ Add another card" button at the bottom.
- Tasks Completed:** Contains a "+ Add a card" button.

The board header shows "Gigs Sprint 1" with a star icon, "CMPS115Trello" with a "Free" label, "Team Visible", and a list of team members (TM, TW, TB) with a count of 3.

Scrum times:

TA meeting - Tuesday 1:30pm
